

Tenacres First School

Government Sports Grant Interventions, Outcomes and Associated Costs

2016-2017 Academic Year

Government Sports Grant - Interventions, Outcomes and Costs Tenacres First School 2016-2017 Academic Year

Government Sports Grant

The government is spending over £450 million on improving physical education (PE) and sport in primary schools over the three academic years 2013 to 2014, 2014 to 2015 and 2015 to 2016. This extra funding is allocated directly to primary Headteachers to get more people playing sport and schools have been given the choice to determine how best to use such funding. Since September 2013, Ofsted inspections report on PE and sports provision and on how schools spend their additional funding. Schools are required to publish details on their website of how they spend or will spend their PE and sports grant which includes details about the impact that this funding has on pupils' PE and sport participation and attainment, to help ensure that all pupils develop healthy lifestyles.

Here at Tenacres, funding allocations for the academic year 2015/16 have been calculated using the number of pupils in Years 1 to 4, and those age 5 in Reception Year, as recorded on the January 2015 census. Schools with 17 or more eligible pupils receive £8,000 plus £5 per eligible pupil. In the 2015 - 2016 academic year, funding contributes to developing PE and sports provision and we have been able to enhance existing interventions and introduce new interventions for all pupils by using this valuable funding. We regularly assess and monitor evidence on the effectiveness and impact on the attainment of our pupils. The resources we use are based on the school's own experience of what we believe works, and we determine, on an ongoing basis, the most appropriate sporting interventions for all our children.

=

At Tenacres our aims are:

- To continue being committed to supporting every child to be physically active;
- To further develop the opportunities for children to access specialist coaching;
- Through the P.E. curriculum provide pupils with the confidence to try new activities and contribute to well-being;
- For sport to engage the wider community and foster positive relationships with other schools through festivals and competitions;
- To be part of the programme of Continuing Professional Development for staff.

Total Sports Funding 2016-2017 £9122

Year Group(s)	Details of Expenditure	
R-4	PE curriculum sports provision P & E Sports, to help children to participate in a range of sports activities that support inclusion and a sense of physical and mental wellbeing. After school clubs subsidised.	
R, 1, 2, 3 & 4	Sports provision by P & E Sports, a professional sports coaching company specialising in helping us to achieve our national curriculum goals through a range of sports and activities including gymnastics, dance and movement, gym exercises and athletic activities. The lessons are designed to promote a positive outlook to help stimulate academic performance and classroom behaviour. Sport is used to develop the whole child, improve social skills behaviour, attitude, respect and emotional well-being without the child realising that they are developing in this way. Children have fun with their friends playing sports that they may otherwise may not have had the opportunity to try. Paralympic Workshops	£9760 £718
CPD Opportunities	Through having specialist provision for the children e.g. through P&E Sports staff are further developing their own teaching of PE. Learning through Play training which ran included food diaries to support healthy eating	£2,900
R, 1, 2, 3 & 4	Purchase of educational sports equipment for all children to use including footballs, balls, hoops, scoop sets, bean bags, quoits, stilts, skipping ropes, motivational sports stickers etc.	£1648
Enrichment Opportunities R-4	Children to participate in festivals and tournaments across the community. The Walking to School initiative to be rolled out across the whole school to encourage healthy lifestyles for all the family. All children to experience working with an Olympic athlete, to further motivate, engage and inspire them about Sport and the possibilities.	£270

The above table shows that Tenacres will spend its PE and Sports premium allocation to improve health, wellbeing and attitudes to learning through increased participation in sport and physical education. This will make a real difference to the attainment of healthy lifestyles of all pupils at Tenacres.

Outcomes -PE & Sports Premium Progress and Attainment 2016/17

By the end of the 2016/17 academic year:

- All children will receive specialist sports coaching;
- Children will continue to increase their participation in sport, raise self-confidence and enjoy being physically active;
- Sessions will be tailored towards children's needs on both a sporting and personal level;
- This academic year, all pupils will have access to structured and enjoyable physical activities in a safe and familiar environment;
- To develop Year 3 and 4 children as swimmers including completing entry and exit assessments.
- The group of non-swimmers will be smaller at the end of the year with many achieving their 'one-length' or 'one-width' badge to be handed out in Celebration Assembly.
- CPD aspects of staff addressed.
- All children to have access to after school clubs.
- Participate in community sports activities i.e. festival & tournaments
- The number of children and families walking, scooting and biking to school increase through the walking to school initiative.
- Ensure there is take up for after school clubs from a range of groups i.e. English as additional language (EAL), Special Educational Needs (SEN), More Able, Pupil Premium.
- Workshop - nutrition.
- Food diaries.
- Healthy eating initiatives including Tenacres eggs from our resident chickens.
